

Telangana govt hands over Kaleshwaram project case to CBI

Hyderabad: The Telangana government ordered a CBI probe into Kaleshwaram project issue. The government already constituted former Supreme Court judge Justice Pinaki Chandra Ghosh Commission to investigate the alleged irregularities, misuse of public funds and corruption in the construction of Medigadda, Annaram and Sundilla barrages in the Kaleshwaram project. The Ghose Commission of Inquiry submitted its report to the government on July 31, 2025. The state cabinet approved by the commission report on August 4, 2025. The state cabinet also took decision to table the report in the assembly and discussed in detail. The Ghose Commission found several irregularities including negligence, deliberate suppression of facts and financial irregularities. The Commission concluded that faults took place in the construction of the three barrages. The commission also exposed the previous BRS government's failure in preparing the plan to construct the

Kaleshwaram project. The National Dam Safety Authority (NDSA) report stated that Medigadda barrage was damaged due to lack of planning, design and quality control deficiencies. The NDSA has identified that the defects in the construction were due to poor quality and maintenance. The NDSA and the Commission reports have made it clear it required a deeper and more comprehensive investigation is on all these issues. Inter-state entities, various departments and agen-

cies of the Central and State Governments are involved in this project. Since Central Public Sector Undertakings like WAPCOS and financial institutions like PFC and REC are involved in the design, construction and financing of the project, the government decided to hand over this case to the Central Bureau of Investigation (CBI). Hence, the House took a decision to hand over the investigation of the Kaleshwaram project case to the Central Bureau of Investigation. During the debate on Ghose Commission report in the assembly, Chief Minister A Revanth Reddy said that Kaleshwaram Corporation was formed for the construction of the Kaleshwaram project and borrowed Rs. 85,449 crores. The previous BRS government borrowed Rs. 27,738 crores at 11.5 percent interest from Power Finance Corporation and another Rs. 30,536 crores borrowed at 12 percent interest. "We have paid Rs. 19,879 crores as principal amount for the loans

they took so far. Rs. 29,956 crores was paid as interest to various banks. A total of Rs. 49,835 crores have been paid to banks so far. We still have a burden of Rs. 60,869 crores" the CM said that it required Rs 47,000 crore to complete the leftover works in Kaleshwaram project. The CM noted that On October 21, 2020, the engineer filed a complaint of the damage of the barrage at Mahadevpur police station. The then Chief Minister K Chandrashekhar Rao has also received a report. Police forces were deployed around Medigadda at that time and not even a single person was allowed to come. The chief minister pointed out that it was KCR who shifted the barrage to Medigadda from Tummidihatti. The reason for changing the technology was the then Irrigation minister T Harish Rao. The CM alleged that the BRS rulers swindled public money through Kaleshwaram project. The government an enquiry as per the guidelines, CM Revanth Reddy

As PM Modi, Putin walk past happily, Shehbaz Sharif seen alone in a corner

Tianjin: Prime Minister Narendra Modi and Russian President Vladimir Putin were seen walking past Pakistan Prime Minister Shehbaz Sharif on Monday, who appeared isolated, as both leaders engaged in an informal conversation on the sidelines of the Shanghai Cooperation Organisation (SCO) Summit in Tianjin. As the two leaders engaged in an animated discussion, Sharif stood alone with a grim expression while watching them pass by. The moment occurred as leaders of SCO member states gathered for a family photo in Tianjin. Earlier, striking visuals had emerged of Prime Minister Modi in an informal interaction with Chinese President Xi Jinping and Russian President Putin, capturing a rare lighthearted moment among the three world leaders. The images

showed all three leaders smiling and conversing, reminiscent of a similar photo taken during the BRICS Summit in Kazan, Russia. Summit In the latest photo, Putin is seen on the left, Prime Minister Modi at the centre, and Xi Jinping on the right, walking together in a relaxed manner to pose for a SCO family photo. Sharing the picture on X, PM Modi wrote,

"Interactions in Tianjin continue! Exchanging perspectives with President Putin and President Xi during the SCO Summit." The Prime Minister also posted another image with Russian President Putin, where the two leaders were seen shaking hands and hugging. PM Modi shared the photo on social media and captioned it, "Always a delight to meet President Putin!" The pictures were shared shortly before the two leaders walked past the Pakistani Prime Minister. This development comes against the backdrop of heightened tensions following the recent terror attack in Pahalgam, where 26 innocent people lost their lives in a brutal assault carried out by The Resistance Front, an offshoot of Pakistan-based Lashkar-e-Taiba.

KTR questions Congress CM's CBI Probe decision on KLIS, takes jibe at Rahul Gandhi

KT Rama Rao (KTR), the working president of the Bharat Rashtra Samithi (BRS), has taken Chief Minister Revanth Reddy and opposition leader Rahul Gandhi to task over the recent decision to hand the Kaleshwaram project investigation to the Central Bureau of Investigation (CBI). KTR raised concerns about how a Congress Chief Minister can authorise a CBI investigation, especially when Rahul Gandhi has previously accused the agency of being misused for political gain by the Bharatiya Janata Party (BJP). In a post on his social media account, KTR highlighted the irony of the situation, noting that the CBI, which Rahul Gandhi once referred to as the "Opposition Elimination Cell" of the BJP, is now being tasked with probing the Kaleshwaram project. "This move raises questions about the intentions and awareness of Rahul Gandhi regarding the actions of his party's representatives in Telangana," KTR remarked. He further stated, "Bring it on, whatever it is that you conspire against us. We will fight both legally and politically." KTR expressed confidence in the judiciary and the public's ability to discern the truth, indicating that he is prepared to confront any challenges posed by the CBI inquiry. The political landscape in Telangana is expected to grow increasingly contentious as this investigation progresses.

Theetagiti -- Greetings

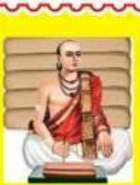

In the days of yore, the cowherd lifted Govardhana hill...
Today, Govardhan (the Guru) too, in his own way,
Wishes for the welfare of the world from the very beginning
Those who are detached, with hearts united on this YouTube path.

Wherever he may be, right from the start,
Good people commit with sincerity,
Prepared for any task, unwavering
Such noble souls, they too are like this Guru.

His love for me shines brightly,
Expressed through Mohans melodic song,
With affection, I say Thank you to my friends,
I will not keep it hidden I shall say it openly.....
I am Das Ram (the servant of Rama)!

My Telangana -- A Bundle of Revolutions

In the surging ocean of people,
Standing as a towering testament
To the self-sacrifice of countless brave souls,
With the resounding cry of Jai Telangana ,
Taking baby steps,
Even at the cost of life...
Longing for freedom
From the chains of slavery,
For a separate state...

No storm could shake our resolve—
Every voice that rose up
Roared like a lion, shouting Jai Telangana ,
Sounding the conch for battle.

For sixty years, this land bore
The labor pains of birth;
Now, like a mother who rejoices
On seeing her newborn breathe,
Our Telangana, the neighbor to many struggles,
Sprouted tender buds of revolution,
Now swaying with golden hues,

It has paved a golden path
For the future generations,
Brimming with prosperity.

Now blossomed into a separate state,
It begins to stretch its soft new wings—
This Telangana, cradle of revolutions,
Carries the hopes of our future generations.
It is the garden of peace
For our immortal martyrs.

Duleep Trophy: Just wanted to have some fun, says Parag on return to on-field action

East Zone captain Riyan Parag said his primary focus in the Duleep Trophy clash against North Zone was to have some fun and get back into the rhythm of competitive cricket after spending much of last season on the sidelines due to a shoulder injury. Parag last featured for India in a T20I against Bangladesh in October 2024 and had to undergo shoulder surgery before returning to play Ranji Trophy for Assam in January this year. He also turned out for Rajasthan Royals in IPL 2025, where he was the franchise's second-highest run-scorer with 393 runs.

"It was good. I mean, that was the main goal when I came here to play the game. Performances, I didn't really focus on that much. I just wanted to have some fun. I haven't played competitive cricket in a long time. Since the IPL, I haven't really played." "(In the) IPL also, I was managing a lot of stress and stuff like that. But it was nice, was a good outing. Not in a good way with the amount of overs we fielded. But then still, rolled my arm for a few overs, batted for a while. Could have converted it for a bigger score, but then I'm happy. The shoulder feels much better now," said Parag to reporters after the game ended in

a draw, with North Zone taking first innings lead and sealing an entry into the semi-finals. With Abhimanyu Easwaran ruled out due to fever on the eve of the game, Parag captained East Zone and made 39 in the team's only batting innings. He also bowled 22 overs in the second innings as North Zone made 658/4. What also caused Parag to bowl a lot of overs was Mukesh Kumar not bowling further after a hamstring strain while Mohammed Shami didn't bowl on the final day due to a cut on his toe. "That was one of the tough things to manage. Shami bhaiya didn't bowl today. Mukesh got injured in the first innings, I'm coming back from an injury so I had to bowl 20 overs. Utarkash (Singh), our non-bowler, he had to bowl around 30 overs so

that did play a part for us in fielding a lot of overs but then nothing we can do about it. We just take it as a loss." "They played better cricket, I got to give credit to that. I feel we could have done better in the first innings while bowling but then we should have got at least close to like 350 and then try to restrict it." "But once we did not do that, they had the lead of around 200 runs. Then, just the batters batted really well and just took the game away from us and the last day was just formality, I think, for them to get their milestones," he added. With the domestic season now on, Parag, amongst the stand-bys for the upcoming Men's T20 Asia Cup, said he is hopeful of breaking back into the national set-up for the white-ball series in Australia in October-November, while aiming to make big runs for his state Assam. "I was in the T20 set-up, then took a break for the shoulder (injury), and stuff like that happened. Ranji (Trophy) is coming in, then the Australia tour is coming in; if I get selected there, I do that. Otherwise, I go back to domestic and do what I've been doing for the last two to three years. Be top-scoring every single game. Have a good IPL and play for the country again."
